About Beyond a Smile

A message from Interplast and ASAPS

Interplast Australia & New Zealand have been linked with the Australasian Society of Aesthetic Plastic Surgeons (ASAPS) for a number of years. In 2016, ASAPS selected Interplast as its official charity partner.

Many ASAPS members volunteer their time towards Interplast's training, mentoring and surgical programs in the Asia Pacific region. They provide life-changing plastic and reconstructive surgery for patients with treatable conditions such as cleft lip and palate, burns contracture and traumatic hand and wrist injuries.

ASAPS members also train and mentor local health professionals in-country, developing local capacity to provide health care to patients.

Beyond a Smile

The *Beyond a Smile* campaign was established to build on this strong partnership. It aims to showcase the importance of plastic and reconstructive surgery and to raise essential funds to continue the work of Interplast's volunteer teams into the future. The campaign provides resources to help ASAPS members promote these goals.

Beyond a Smile takes place in the first week of March, however donations can be made at any time.

Join the campaign

There are many ways to participate, from displaying a poster and donation box to posting on social media and, of course, donating on behalf of your clinic/practice or yourself personally. Visit interplast.org.au/smile for social media resources and more information.

We look forward to your involvement in *Beyond a Smile*.
